

WE MAKE IT HAPPEN EFFORTLESS

DDW Mini Dumper For All Your Construction & Earthmoving Needs

DDW Mini Dumper is an innovative material handling and earth moving equipment, powered by the efficient REN Diesel / Petrol engines and efficient Hydrostatic drive. The DDW Mini Dumper can help move material effortlessly. With Fully Hydraulic, 4 wheel drive system coupled with the Skid Steer arrangement maneuvering around tight corners and tough terrains is made so easy!

The self-loading shovel makes the job of loading most materials like sand, coal, cement, stones etc... Effortless. Coupled with a strong hydraulic tipping, moving any material is no more a tough job. DDW Mini Dumper will be the most ideal solution to solve all your material handling requirement in Foundries, Construction sites and other industrial applications in an effortless manner.

**Now no need to Push, Pull and Drag.
Simply stand-on and gently tip!**

**VERSATILE | EASY TO OPERATE | QUICK LOADING
DURABLE REN ENGINE | SHORT TURNING RADIUS
OIL LUBRICATED FINAL DRIVE**

DESCRIPTION	MD500DH	MD500PH
Power	6 hp Diesel	6 hp Petrol
Drive	Hydrostatic	
Gears	One Forward, 1 Reverse (Hydraulic)	
Loading	Self Loading (Hydraulic)	
Tipping	Hydraulic	
Ride	Stand-on, Foldable step	
Payload	500 kg, 6 cubic feet	
Dimensions	1780 x 600 x 900 mm	

Manufactured & Marketed by

DDW Enterprises Private Limited, Door No. 1/138-A, SF No. 92-A/2, Karadivavipudur, Karadivavi (PO)
